The following questions were raised with respect to subject IFIB. Responses are to provide clarification.

Question	Response
Do the products have to be exact (match Item Number) or can they be like items?	Similar items will be acceptable
Do the products have to be TAA (Trade Agreements Act) compliant?	Contract is not TAA compliant but products are limited to NATO nations. (TAA requires that the U.S. Government may acquire only U.S made or designated country end products)
