

MINISTRY OF DEFENCE OF HUNGARY

DR. CSABA VEZEKÉNYI  
Deputy State Secretary for Defence Policy

Budapest, 17 September 2018

**Air Marshal Sir Graham Stacey**  
Supreme Allied Commander Transformation  
North Atlantic Treaty Organization

Norfolk

**Dear Air Marshal Stacey,**

I am writing on behalf of the Ministry of Defence to confirm Hungary's readiness to host the Strategic Foresight Analysis (SFA) and Framework for Future Alliance Operations (FFAO) Joint Workshop in Budapest.

We believe that Budapest will be a suitable location to bring the participants together to review and discuss relevant topics which will likely have significance for the future security environment.

Such an important event will enable us to demonstrate our commitment to the stability and security of the Euro-Atlantic community, as well as our readiness to contribute to ACT's role in the NATO Defence Planning Process. The Workshop is scheduled to take place between 6-8 November 2018. Our experts have already established contact with the ACT POCs in order to make the necessary preparations and arrangements for a seamlessly successful workshop.

I do hope that our joint efforts will bring remarkable results.

Sincerely yours,

**Dr. Csaba Vezekényi**
