

NATO Allied Command Transformation

Trident Juncture 2018 (TRJE18)

Fact Sheet – NATO Deployable Air Base

TRJE18 Mission: TRJE18 provides an environment for existing or new capabilities to be tested, refined, and further developed. By coordinating and integrating experiments from NATO entities and Nations into TRJE18, we seek to allow the best experimental results without placing exercise objectives at risk. Allied Command Transformation Operational Experimentation has assigned a TRJE18 Venue Coordinator since the number of TRJE18 experiments now exceeds 20 activities, ranging from discovery to validation.

Experiment Description: In 2016, the NATO Deployable Air Base Cell conducted a Rehearsal of Concept exercise, which tested the draft V4.0 NATO Deployable Air Base Concept of Operations, TRJE18 intends to use the diverse expertise from multiple NATO nations to encourage understanding of and challenges with the NATO Deployable Air Base concept and to provide recommendations to improve it. The concept is designed to support NATO operations and further enhance the NATO Response Force's capabilities.

The aim of this experiment is to advance the inclusion of the NATO Deployable Air Base concept in NATO planning and operations through integration into TRJE18 (Live Exercise and Command Post Exercise portions).

The TRJE18 Opportunity: TRJE18 offers a platform to advance NATO transformation by testing and validating operational concepts and the readiness of the NATO Deployable Air Base personnel and equipment.

Categories: Live Exercise and Computer Assisted Exercise/Command Post Exercise

Milestone: Apr 2018 – Main Event List/Main Incident List Development
Jun/Jul 2018 - Main Event List/Main Incident List Scripting
Oct 2018 – Communications Exercise
25 Oct – 7 Nov 2018 – Live Exercise Execution
14 – 23 Nov 2018 - Computer Assisted Exercise/Command Post Exercise Execution
Post TRJE18 Experiment - Validate the approved NATO Deployable Air Base Concept of Operations
